Russia/Ukraine

No war with Ukraine!

Publication date: Monday 3 March 2014
This statement was made by the Central Committee of the Russian Socialist Federation on 1 March 2014. [1]

War has begun. With the aim of protecting and increasing the assets of the oligarchs in Russia and in Yanukovich's coterie, Russia's leadership has undertaken an invasion of Ukraine. This aggression threatens catastrophic consequences for the Ukrainian and Russian peoples — most especially for the population of the Autonomous Republic of Crimea and Ukraine's southeastern industrial regions.

For Ukraine, this will also mean an escalation of ethnic conflicts; for Russia, a consolidation of dictatorial power, repression, and chauvinist hysteria, with which the ruling elite will be able to neutralize mass anger against a backdrop of deepening economic crisis. We share the concern of residents of the southeast over the nationalistic tendencies of the new authorities in Kyiv.

It is, however, our firm conviction that freedom will be won not by Putin's tanks, but by self-organization and the people's own struggle for their civil, political, and socio-economic rights.

It goes without saying that the peoples of Ukraine have a right of self-determination, of full autonomy and independence. But what we are seeing today has nothing to do with the democratic will of the masses. It is a brazen and cynical act of Russian imperialism, aimed at annexing foreign territory and converting Ukraine into part of Russia's protectorate.

Today, the struggle for freedom in Russia is a struggle against the foreign policy adventurism of the current regime, which seeks collusion in forestalling its own end. The RSD calls on all sincere left and democratic forces to organize anti-war protests. Our demands:

NO RUSSIAN-UKRAINIAN WAR! NO PROVOCATIONS TO BLOODSHED IN UKRAINE!

NO PITTING AGAINST ONE ANOTHER OF THE PEOPLES OF UKRAINE AND RUSSIA!

NO INTERVENTION BY THE ARMIES OF RUSSIA OR ANY OTHER COUNTRIES IN THE AFFAIRS OF CRIMEA!

FREEDOM FROM DICTATORIAL ACTS AND PEACEABLE SELF-DETERMINATION FOR THE PENINSULA'S RESIDENTS!

YES TO THE UKRAINIAN WORKERS' STRUGGLE AGAINST OLIGARCHS AND CORRUPT OFFICIALS! NO TO ETHNIC CONFLICTS!
