In order to determine its position for the 2027 presidential elections, the NPA-l'Anticapitaliste held a national conference on 27 and 28 June 2026. This conference brought together delegates representing the activists of the NPA-l'Anticapitaliste, who had debated and voted in the general assemblies held throughout June.

In view of the threat posed by the far right, the NPA-l'Anticapitaliste will not field a candidate in the presidential election, but will work towards building a broad anti-fascist front and supporting a unifying candidate from the radical left. Following discussions with LFI and the organisations and currents of the radical left, the NPA-l'Anticapitaliste will decide on the nature of its involvement in the campaign and the terms of its support for this candidate, whilst running its own campaign through rallies, public meetings and campaign materials to highlight the need for a united anti-fascist front.

The NPA-l'Anticapitaliste calls on all activists in the social and trade union movements, on the left, among revolutionaries and environmentalists, to mobilise and to form, wherever possible, anti-fascist action fronts and committees against the far right, in the broadest possible unity. Victory for the far right and the right is not inevitable! Let us mobilise to restore hope to our social camp so that we can stand up to the ruling classes and their deadly policies!
