**Activists around the world are following with great interest the developing revolutions in the Arab region. The ESSF website is an unparalleled source of information.**

The ESSF website published in English and French takes articles from the labour movement, militant and progressive press around the world. It offers militant information on many struggles and campaigns, as well as in-depth articles, elements of debates and documents of varied types.

For its English-language coverage of the Arab revolutions click [here](#) for general articles and [here](#) for articles classified by country.
