**The Northeastern region of the Trade Union National Council (NTUC) of Japan, present in the affected areas, is playing an active role in organising solidarity with the earthquake and tsunami victims.**

The call for solidarity made by the ESSF and relayed in *International Viewpoint* [here](#) will organise its solidarity effort in collaboration with this trade-union structure.

To read the information coming from the union you can consult the ESSF site [here](#).

For more general information on Japan over and above what we are able to publish in *International Viewpoint* you can consult the ESSF site [here](#).
