In Spain, a comrade of Anticapitalistas is in prison for participating in a demonstration against the negationist extreme right. He is 27 years old, has been in prison for one year and still has four more years to go.

We have launched a public support campaign to demand his freedom and that of those imprisoned for the same reason (the Zaragoza 6). We ask for your support to expand this campaign. The more international repercussion it has, the more possibilities there are to put pressure. The more it grows, the more strength the comrade feels from his cell.

If you are willing and able to sign, please send us your signatures. We are especially interested in signatures of people as members of social and trade union organizations. The signatures will be added to a list under the title "Activists and trade unionists from all over the world ask for the freedom of the Zaragoza 6".

Please send to contacto@libertad6dezaragoza.info your name, country and organisation/union
