The Posle website was designated a “foreign agent” by the Russian Ministry of Justice a few days ago due to our consistent anti-war stance. The regime uses this designation to persecute its opponents both within the country and abroad. And being labeled as such means it will be significantly harder for us to do our work. That’s why any support for the site—whether by reposting our content or making a donation—is incredibly important to us right now! - Posle Editorial Board
